

Our Volunteers Make the Difference

Doctors Medical Center Service League consists of 228 members – 154 adult volunteers and 74 junior volunteers. In 2006 the adult volunteers provided more than 25,000 hours of service throughout the hospital. Junior volunteers clocked over 11,000 hours.

Our enthusiastic volunteers are dedicated to fulfilling their Mission Statement: *"The Service League is committed to providing competent and compassionate service to Doctors Medical Center staff, patients and visitors, while providing an avenue for individual enrichment."*

Doctors Medical Center is proud of our volunteers and the valuable service provided to our customers. We salute each volunteer in appreciation for outstanding service as we celebrate National Volunteer Week.
